ANNUAL REPORTS

OF

HINSDALE, NEW HAMPSHIRE

"Spending is easy in March,
Paying for it is not so easy in November."
Leo Gratton

1995

The Town of Hinsdale Board of Selectmen are pleased to dedicate the 1995 Town Report to

Richard McCarthy

and

Jean Savory.

The Selectmen would like to recognize each of these people for their inexhaustible effort and continuing service to the Town over the past year.

For all of your help and hard work, on behalf of the Town of Hinsdale, we would like to say Thank You!

THE STATE OF NEW HAMPSHIRE
TOWN OF HINSDALE
TOWN WARRANT

To the inhabitants of the Town of Hinsdale qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall on Tuesday the 12th day of March, 1996 at 9:00 o'clock in the forenoon to act on the following subjects:

Article 1 To cast your ballot for all necessary Town Officers.

Article 2 and To see if the provisions of chapter 287-E of the revised law relative to playing games of beano the sale of Lucky 7 tickets shall be adopted at this time.

The following part of the Town Meeting shall be adjourned until Saturday, March 16th, 1996 at 9:00 o'clock in the forenoon in the gymnasium of the Hinsdale High School.

Article 3 To see if the Town will vote to raise and appropriate a sum of $180,600 (One hundred eighty thousand six hundred dollars) of which a sum of $90,300 (Ninety thousand three hundred dollars) will be the Town's portion of a matching commitment for Community Development Block Grant (CDBG) funds to provide adequate accessibility in the Town Hall in the event that the Cheshire County ADA Project grant application is awarded by the New Hampshire Office of State Planning, and to authorize the issuance of not more than $90,650 (Ninety thousand six hundred and fifty dollars) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and determine the rate of interest thereon. (This is a Cheshire County grant to be distributed among County towns and schools only. The approval of this article does not effect the community's existing or future CDBG applications. These funds shall not be expended should the Town not receive the matching funds.) (2/3 ballot vote required)

- Inserted by the Selectmen
- Recommended by Budget Committee
- Recommended by the Selectmen

Article 4 To see if the Town will vote to raise and appropriate the sum of $1,506,055 (One million five hundred and six thousand and fifty-five dollars) for the general operating expenses of the Town, or act in any manner thereon. This article is exclusive of all other warrant articles.

To the Board of Selectmen
Town of Hinsdale, New Hampshire

We have audited the general purpose financial statements of the Town of Hinsdale, New Hampshire as of and for the year ended December 31 1994, and have issued our report thereon dated March 2, 1995.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Hinsdale, New Hampshire for the year ended December 31, 1994, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Hinsdale, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

ACCOUNTING APPLICATIONS

Budget
Cash and investments
Revenue and receivables
Service revenue and receivables
Expenditures for goods and services
and accounts payable
Payroll and related liabilities
Property, equipment, and capital expenditures
Debt and debt service expenditures

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

TAX COLLECTOR DEPOSITS

Observation

We noted that deposits with the financial institution were not made on a timely basis. Some of the computer generated cash sheets included receipts that had been received up to two weeks prior to the date of the deposit.

Implication

As a result, the controls over cash are weakened. The Town is exposed to additional risks of checks being misplaced or stolen. As the checks are not deposited with the financial institution, the Town is also not earning interest on these funds.

Recommendation

We recommend that deposits be made when the payment is received to strengthen controls over cash. The payments should be entered in the computer on a daily basis and the related deposit should be reconciled to the computer generated reports. When the reports are reconciled to the deposit, the deposit should be made at the financial institution. This will allow the Town to earn interest on the funds and to have the resources available.

TAX COLLECTOR'S REPORT

Observation

The tax collector's report that was presented for audit was not reconciled to supporting documentation. We were not presented with receivable listings, abatement listings or a reconciliation of cash receipts. We noted that the information on the tax collector's report extended beyond December 31, 1994 and we were not able to determine the cut off date.

Implication

The activity for the year was not accurately reflected in the tax collector's report. Additional audit time was necessary to reconcile the computer generated reports with the supporting documentation and with the treasurer's cash receipts We were able to reconcile the activity with immaterial variances.

Recommendation

We recommend that the computer generated reports be reconciled on a monthly basis to ensure that no errors have occurred. The data on the reports can be compared with supporting documentation and with the receipts turned over to the treasurer. There should also be a proper cutoff at year end to ensure that all transactions have been recorded in the proper year.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe the reportable conditions described above constitute material weaknesses in internal control.

We also noted other matters involving the internal control structure and its operations that we have reported to the management of the Town of Hinsdale, New Hampshire in a separate letter dated March 2, 1995.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

Vachon Clukay & Co., PC

REPORT OF THE LIBRARY - 1995

The library has purchased many new fiction and non-fiction titles for your reading pleasure. Some large print books have also been purchased. A collection of books about the lives of each President was added in the reference area. This collection is for school age children.

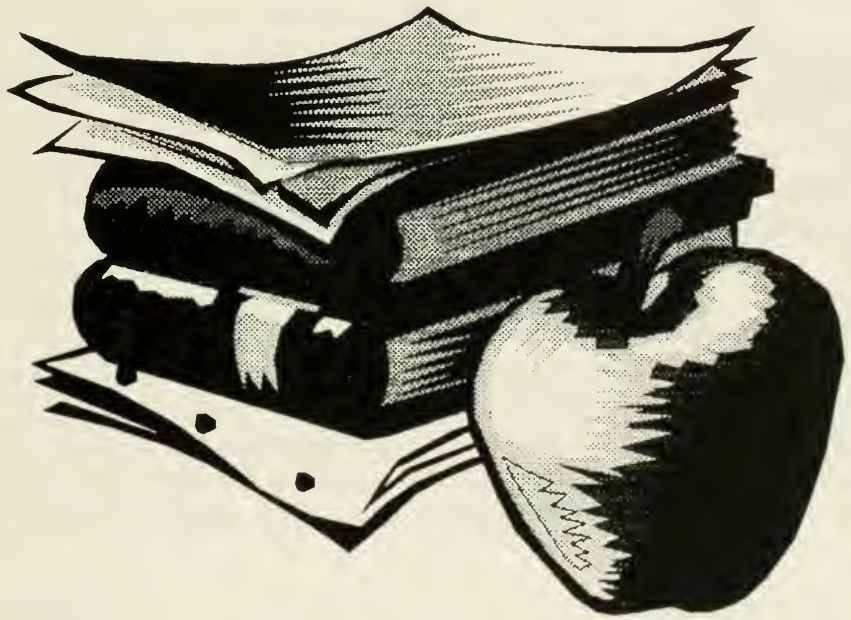

Recently a Gateway 2000 computer was purchased for use with reference materials. It was necessary to purchase a computer table and a table for the copier.

The children's summer reading program for 1995 had the theme "Saddle Up with Horses". We had 42 children involved in the program. The children had a celebration at the park with a special guest of honor. Nancy Clem brought her horse to the gazebo and she spoke about the care of the horse and answered the children's questions. Book certificates were given out to the children along with gift certificates for an ice cream.

In June, Susan Palmitier from the New Hampshire State Library held an informational meeting about forming a "Friends of the Library" group. There is interest among people in the town to start this group.

During the hot summer months, the air conditioner in the library needed to be replaced.

The trustees set to review and update library policies. They have been placed on file.

REPORT OF THE HINSDALE CONSERVATION COMMISSION

The Hinsdale Conservation Commission began the year looking at the proposed parking area at the Kilburn Trail Head entrance to Pisgua Park. The State of New Hampshire had designed the area to alleviate parking along Route 63 North.

During the spring the Commission looked at the plantings at Heritage Park and Granite State Mowing Machine Park. The Selectmen sent Tony Fecto to the Commission for help with his proposed Pavilion to be built at Heritage Park. The Commission voted to have Tony become a member of the Commission and with the help of Fred Wolfe donations were solicited from the public to build a Pavilion at the Park. Donations were received from Corporations in the area as well as individuals and the labor for the project was all volunteer. By September the Pavilion was usable and construction was ended. There will be some further additions needed as the plans call for the facility to have some kind of kitchen facility and additional lighting will need to be added at some time.

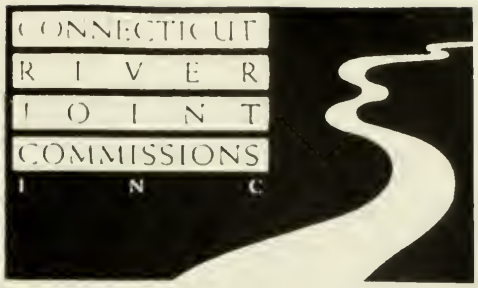

A mailing to the residents of Hinsdale is prepared and will be mailed early in 1996 as part of the Wellhead Protection Program requirement that the town has adopted to help protect the Town water supply. The Commission has worked with the Water Department on drafting an informative brochure that will be sent out to residents concerning disposition of hazardous waste in order to provide adequate protection to our ground water.

Again this year the Commission planted annuals near the Post Office and in the wooden tubs placed around Main Street.

The Commissioners look forward to 1996 and hope that their part in this community is both helpful and productive.

WANTASTIQUET REGION RIVER SUBCOMMITTEE
ANNUAL REPORT - 1995

The Wantastiquet Region River Subcommittee of the Connecticut River Joint Commissions has met monthly to work on its river corridor management plan and to advise the states of NH and VT, the federal government, and the Joint Commissions on local matters affecting the river

We have developed the fisheries section of our plan, and believe that tributary health is particularly important for mainstem fisheries In discussing recreation, we have become interested in rails-to-trails conversions for hiking and birdwatching, and in finding trail linkages between the two states We are seeking ways to avoid conflicts between the outstanding wildlife habitat and recreational use in the more isolated northern reach of this segment. We have met with wildlife biologists and toured some of the river's remaining floodplain forests and wetlands.

Water quality concerns in our region include heavy metals in fish, industrial waste disposal along the river, and nutrients entering the river from its tributaries. We have noticed that bank erosion is a problem in some areas, and also that riprap intended to solve it can sometimes damage downstream properties and the river. We urge riverfront landowners to contact us about alternative, and perhaps less expensive solutions. We are also concerned about the impact of overapplication of road salt upon tributary streams and mainstem fisheries.

Our efforts are directed toward finding assistance for towns and citizens to address these concerns, and toward helping the public to better understand them. We think that citizens want and need to know more about how they can help, such as maintaining vegetated buffers along their waterfront property, volunteering for water quality monitoring, keeping their boat wakes low to avoid causing bank erosion, and checking their boats to be sure they are not carrying milfoil or Zebra Mussels. Milfoil has recently been discovered at Hoyt's Landing in Springfield, VT.

The Subcommittee was asked to review several permit applications during the year. On a draft permit renewal for Vermont Yankee's sewage treatment system, we recommended monitoring of effluent and groundwater for radioactive isotopes. We also reviewed an indirect discharge permit for a new unlined sludge landfill in Putney. While we regard with deep concern any waste disposal activity, particularly industrial, so close to the river. we were impressed by the quantity and quality of public participation in the permitting process. We proposed a few changes to the permit, including new analysis of wastes if the processes used at the plant should change.

TheWantastiquet Region River Subcommittee, formed in January, 1993 under the NH Rivers Management and Protection Act, includes riverfront towns from Walpole to Hinsdale, NH and Westminster to Vernon, VT. and by law, members who represent local government, local business, agriculture, recreation, conservation, and riverfront landowners. The Subcommittee is advisory and has no regulatory powers. All meetings are open to the public and take place on the fourth Wednesday of each month from 7-9 pm at the Westmoreland Town Hall. Citizens are encouraged to attend and contribute their ideas. If you wish to serve on the Subcommittee, please contact the selectmen.

Ashuelot River Local Advisory Committee
Annual Report to Town Meeting

Ashuelot River Local Advisory Committee (LAC) was convened in October 1994 by the Commissioner NH Dept. of Environmental Services. During this first year, the LAC made progress toward understanding the issues that make the Ashuelot such a valuable asset for the region and towns through which it flows. The Ashuelot is protected for 64 miles from its origin at Butterfield Pond in Washington to its confluence with the Connecticut River in Hinsdale.

The Ashuelot was designated to the NH Rivers Management and Protection Program by the legislature in 1993 (RSA 483), following nomination by local communities. The program establishes management and protection for rivers with special qualities in the eyes of the towns that share them. Under the program has statewide and local components. Statewide, the Department is responsible for ensuring that water use does not leave protected rivers with less than the essential minimum flow. Locally, the statute authorizes Local Advisory Committees to prepare River Corridor Management Plans for the protection of stream and riparian (river banks and near by uplands) assets, such as canoe access, wildlife habitat, and water quality.

The LAC has heard expert presentations on water quality, wildlife, endangered species, river bank buffer zones, and instream flow. Issues thus far identified as priorities for the LAC plan include education, local shoreland protection, canoe access, water quality monitoring with plan to act on pollution when found, historic preservation, and protection of the river corridor as a unified greenway through the region (does not mean public land).

The Committee is moving to complete the corridor plan by October 1996. Before that time, Committee members will make presentations of draft plans to Planning Boards and Boards of Selectmen. The Final Plan will be available for public review with public hearings held throughout the corridor before the corridor towns are asked to adopt the plan's recommendations as an element of their local Master plans.

An additional task of the LAC is review of environmental permit applications for activities proposed within the river corridor (1/4 mile from each river bank). The LAC is afforded the opportunity to comment on applications and encouraged to address known environmental violations but has no authority in the permitting or enforcement processes.

The Committee membership affords knowledge in biology, hydrology, local land use and town government, economic development, education, and history and archeology. All towns on the corridor are represented: Washington, Lempster, Marlow, Sullivan, Gilsum, Surry, Keene, Swanzey, Winchester, and Hinsdale. The LAC receives professional assistance from the NH Dept. of Environmental Services Rivers Program and Southwest Region Planning Commission.

The Ashuelot LAC hopes to become a regional advocate for the River and the many public interests in this irreplaceable asset. The LAC invites citizens and town officials to contact their local LAC members, LAC Chairman, or the Planning Commission with any questions or comments about the Ashuelot River.

Roger H. Sweet, Chairman, Ashuelot River LAC

Members: Roger Sweet - Sullivan; Bill Appel - Keene; Pablo Fleischmann - Gilsum; John Calhoun - Gilsum; Roger Covey - Hinsdale; Don Damm - Washington; Jim Gaskell - Washington; Paul Gaumache - Winchester; Pat Eggelston - Keene; Glen Page - Swanzey; John Salo - Marlow; Barbara Skuly - Swanzey; Steve Stepenuck - Swanzey; Jack Strickland - Marlow; Arthur Whipple - Swanzey;

REPORT FOR 1995
BRATTLEBORO AREA DROP IN CENTER

During 1995, the Drop In Center served over 8,500 "drop-ins" and provided emergency food assistance over 2,600 times. Our Food Shelf has over 1,200 households currently active, and our active caseload in the JOBS and PATH Programs is over 430 individuals. We have been very busy in the past year, mostly due to the continuing economic crisis and unemployment. Our numbers of needy elderly, veterans and families with the breadwinner unemployed have remained at record levels for the past three years. We continue to be able to provide services at a low per client cost, due to the help of over 45 volunteers. We have expanded our homeless services to accommodate an ever growing population of very needy citizens, and have increased our ability to provide emergency and supplemental food with the installation of a walk in refrigerator and freezer unit.

We truly appreciate the support of local towns in the past, and for the future. The Center has been successful this past year in raising the funding to purchase our facility on South Main Street in Brattleboro, so that we may have the security of being there in the future as times get tougher.

Thank you for the help you provide that we can pass on to your neighbors.

Melinda Doyle
Executive Director

HOME HEALTH CARE AND COMMUNITY SERVICES
REPORT TO THE TOWN OF HINSDALE
JANUARY 1, 1995 TO DECEMBER 31, 1995

ANNUAL REPORT

In 1995, Home Health Care and Community Services (HCS) continued to provide home care and community services to the residents of Hinsdale. The following information represents a projection of HCS's activities in your community in 1995. The projection is based on actual services provided from January through September 1995 and an estimate of usage during October, November and December.

SERVICE REPORT

SERVICES OFFERED	SERVICES PROVIDED	SERVICES SUPPORTED PARTIALLY OR TOTALLY BY THE TOWN
Nursing	894 Visits	20 Visits
Child Health Nursing	3 Visits	3 Visits
Physical Therapy	220 Visits	9 Visits
Speech Pathology	0 Visits	0 Visits
Occupational Therapy	12 Visits	0 Visits
Medical Social Work	20 Visits	1 Visits
Nutritionist	4 Visits	4 Visits
Home Health Aide	1,072 Visits	77 Visits
Homemaker	2,413 Hours	1,286 Hours
Adult In-Home Care	729 Hours	0 Hours
Outreach	37 Visits	0 Visits
Health Promotion Clinics	74 Clinics	74 Clinics
Meals-On-Wheels	5,976 Meals	5,976 Meals

Total Unduplicated Residents Served: 196

FINANCIAL REPORT

The actual cost of all services provided in 1995 with all funding sources is projected to be $219,025.11

The total cost of services provided for a partial fee, or at no charge to residents in 1995 is projected to be $9,602.75 for home care and $3,274.00 for the Meals-On-Wheels.

For 1996, we recommend an appropriation of $12,500.00 to continue home care services at the current level. We also recommend an appropriation of $3,287.00 for the Meals-On-Wheels program.

Thank you for your consideration.

Even though national figures show a decline in crime, Hinsdale is still seeing an increase in most categories.

Assaults and Domestic Complaints show a decline but Thefts, Burglaries, and Juvenile cases have shown a huge increase. Harassment cases have almost doubled. Drug cases have increased approximately 28%.

On behalf of the Police Department I would like to thank all of the people in Hinsdale for their support and assistance throughout the year.

Respectfully submitted,

David M. Whittle
Chief of Police

REPORT OF THE HIGHWAY DEPARTMENT

In the past year the Hinsdale Highway Department has been through a changeover in staff. The department welcomed two new employees this year, David Gurney and Allen Johnson.

Major projects during the summer included the cleaning of drainage ditches and culverts and the paving of a portion of Monument Road. The heavy rains combined with the high amount of snowfall made for a very busy fall and winter. The town experienced flooding in spots, which are not normally a concern, as a result and typical trouble spots were a major concern.

Overall the year has been very busy and 1996 is expected to be just as busy with several projects pending.

The Highway Department would like to thank the citizens of Hinsdale for their continued support and assistance during the year.

Respectfully submitted,

Frank Podlenski
Highway Superintendent

COMMUNITY DEVELOPMENT OFFICE

The Hinsdale Community Development Office is the principal office for all planning, zoning and land use matters, all information and activity concerning property records and grant administration projects.

This year the Hinsdale Planning Board held hearings on proposed 1995 zoning amendments, five subdivision applications, 4 site plan review applications, and five boundary adjustment applications. The board has worked on zoning amendments to be presented at the 1996 town meeting.

The Hinsdale Board of Adjustment held four hearings on either variance request or appeal from administrative decisions.

Fifty seven building permits were processed as well as a number of driveway permit applications and water/sewer applications.
Assistance was given Cheshire Housing Trust during the permitting process for the restoration project at the "old schoolhouse", as well as the new used automobile sales lot, Raceway Motors, on Brattleboro Road., and Norm's Marina on Brattleboro Road. The office has continued contact with Ms. Deborah George regarding further development of her property at George's Field.

The office coordinated the E911 street numbering system. A street numbering ordinance was adopted by the selectmen in June. An inventory of each street name was taken, and in some cases a street name was changed. This program also necessitated naming several private ways. Each structure on the E911 map was identified, and notices were mailed to each owner informing them of their new address. Another mailing will be forthcoming when the nine digit zip code system is finalized. All phases of this project were coordinated with the Hinsdale Postmaster, NYNEX, all town emergency departments and Rescue, Inc. NYNEX has been notified of all street address changes. This means when you now dial 911, your correct street address will be accessible to all emergency response teams. We would like to take this opportunity to thank each of you for your cooperation and patience during this endeavor. If you have questions concerning the E911 system please telephone us during regular business hours at the town hall.

Mandatory workshops were attended regarding the Americans With Disabilities Act (ADA) so the town could be eligible for grant awards. Plans have been implemented to bring town buildings into compliance with the ADA, and grant money has been applied for to assist the town with their plans. An ADA committee is being formed to help detail the specialized improvements needed to bring all town buildings into compliance with federal regulations.

The office is responsible for the administration of the grant received for the "mill project". The engineering/architect firm has been chosen, the fencing installed and bids for the hazardous material research firm have been received. Bids for a demolition firm should be going out in early spring, and the actual razing of the building should commence during the summer of 1996. A Community Center Committee has been formed, and they meet once a month. Their duties will include suggestions for the building design and later the scheduling of activities for the building.

Respectfully submitted.

Donna P. Marshall
Community Development Dir.

Jill Collins
Community Development Grant Admn.

TO ALL TOWN RESIDENTS - IF YOU HAD AN EVENT IN YOUR FAMILY - BIRTH, MARRIAGE OR DEATH, THAT DID NOT TAKE PLACE IN HINSDALE, AND YOU WOULD LIKE IT PUT IN THE TOWN REPORT, PLEASE BRING A CERTIFIED COPY OF THE EVENT TO MY OFFICE.
I WILL BE VERY HAPPY TO REPORT IT FOR YOU. YOU DO NOT HAVE TO LEAVE YOUR CERTIFIED COPY, AS I WILL TAKE A COPY OF IT.

ALL OTHER STATES HAVE STOPPED GIVING THIS TOWN COPIES OF ANYTHING, BECAUSE OF THE COST TO THEM. SO THE ONLY WAY I AM GOING TO FIND OUT ABOUT IT, IS IF YOU BRING ME A COPY.

JEAN T. SAVORY
TOWN CLERK
